Wednesday, 17 March 2010

In February the Department of German and Russian Philology of Higher Vocational State School in Wloclawek had a guest from Kafkas University dr Bahar Gunes. She was a visitor within the framework of teachers mobility in LLP Erasmus. Dr Bahar Gunes comes from Russia, but she has been living in Turkey for about twenty years. She teaches Russian at Kafkas University. She delivered some lectures for students from Russian Philology of Higher Vocational State School in Wloclawek. Moreover, she had a few meetings with academic staff from Russian Department and the director of the Institute of the Humanities. It was a good occasion to exchange experience about teaching methods and education problems.
